be prepared...  
for new adventure!

## what is venturer scouts

Venturer Scouts 14-17, is a do-it-yourself mix of fun, adventure and personal challenges that brings together like-minded young people from all walks of life in weekly meetings of about 2 hours.

You will have the opportunity to explore remote parts of Australia, camping above the snow line or diving on coral reefs. Imagine abseiling into a limestone cave or climbing a sheer rock face. Whatever you do with Venturer Scouts, it's bound to be maximum new adventure!

There are highly trained and experienced people to guide you through the experience and to teach you necessary skills and safety techniques. Venturers also get the opportunity to travel overseas, to live with different communities or provide service to others.

*"Venturers provides fun, diverse activities that my friends can hardly believe I do!"*

## having a great social life

*"Being apart of Venturers has been great as I have met and stayed in touch with friends and had loads of fun."*

Venturers is about having fun and adventure. There are camps, parties, barbeques and trips so you can meet new people and make lifelong friends.

Venturers also provides valuable "down-time" from your studies, giving you the opportunity to remain refreshed and focused on your schooling.

## furthering your career

There are leadership and management courses available that will help you in your career and personal life - when you have to take responsibility and make those important decisions. You'll learn how to conquer different challenges, deal with new situations and develop your independence. Your achievements will be recognised with the ultimate goal being the Queen's Scout Award and its associated Certificate II qualification, which employers regard very favourably.

## do what you want to do

You have the opportunity to manage and lead your own Venturer Scout Unit, where trained adult leaders are there to provide advice and support, rather than control your life.

You can also get involved in staging professional shows, mountain biking, scuba diving and boating. Perhaps you'll make videos, become a sound engineer, develop your own photographs or contribute your writing for publication.

## interested in joining your local Scout Group?

The Scout Association of Australia operates a voluntary, non political educational movement for young people, open to all without distinction of origin, race or creed.
